I am a passionate and dedicated individual with a strong foundation in coding, design, and development. My journey into technology has been fueled by curiosity and a desire to solve problems creatively. With skills in Python, Java, Laravel, and UI/UX design, I focus on creating impactful and user-friendly digital solutions. I thrive in collaborative environments and continuously seek opportunities to grow.

EXPERIENCE

Wordpress and Instructors

Pokhara

Niti Academy

May, 2025 - Jul, 2025

I worked at Niti Academy as a WordPress Developer and Instructor, where I was responsible for developing, customizing, and managing websites using WordPress.

Laravel Developer internship

Pokhara

XDezo Technologies

Dec, 2024 - Apr, 2025

Contributed to developing and maintaining Laravel-based web applications, implementing RESTful APIs, optimizing database queries, and troubleshooting issues for enhanced functionality and performance.

CR

Pokhara

CodeforChange

Jan, 2024 - Dec, 2024

Organized and led workshops on UI/UX, Laravel, and Career Kura sessions while mentoring participants to foster innovation and practical skills.

EDUCATION

Bachelor of information management

Pokhara

Kanya Campus Pokhara

Mar, 2020 - Jul, 2025

I ensure the fusion of management and advanced coding skills, which has enabled me to master Java, DSA, and PHP, and build efficient software solutions.

+2

Pokhara

Pokhara Higher Secondary School

Apr, 2019 - Jan, 2020

In the +2 Management faculty, I gained foundational knowledge of business operations, financial statements, and economic principles.

PROJECTS

Ecommerce website

A service related issue solved this system by using Laravel & PHP
